Divine Savior Academy

A Christian Academy Dedicated to Excellence

To Whom It May Concern:

In 2020, Divine Savior School began its mission of serving the special needs community with education and therapies all wrapped in the love of Christ. It has been a tremendous blessing to all involved. Our families have become a tight-knit community, our students are receiving the services they need and deserve, and Christ's love is being proclaimed in every classroom, every day.

This spring, six Divine Savior School graduates walked across the stage at our High School commencement service. It was a touching and proud moment for all. This would not have been possible without the support of so many.

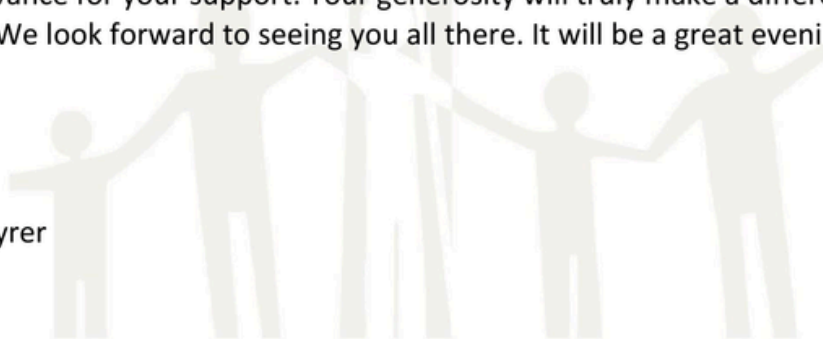

As you can imagine, the cost of education for these unique students can be prohibitive for so many families. Unlike a traditional private education, the services provided at Divine Savior School are not optional for these families. Our Divine Savior School students need these services regardless of the cost.

This year, our DSA Gala is striving to make these services more affordable for our special needs families. 100% of all monies raised will be dedicated to providing scholarships for these special students. We cannot stress enough the life changing difference this can make for these special people.

Thank you in advance for your support. Your generosity will truly make a difference and impact on our mission. We look forward to seeing you all there. It will be a great evening for a great cause.

God bless,

Pastor Carlos Leyrer
President
